

«MULTIWIDTHS»»

## Fewer seams - Less waste - Better value

**Better Value** - the cost that matters is the final installed price not the unit price of the carpet. On most hall, stairs and landings you will need less Ulster carpet when using our **MULTIWIDTHS** service.

**Less Waste** - on a typical hall, stair and landing installation you can use up to 20% less carpet. Therefore reducing not only the carpet required but the overall installation costs too, saving you money.

**Wider Widths** - Ulster offers you 5m wide Wilton and 4.57m wide Axminsters. Meaning fewer seams and better performance long term. Axminster available in: 4.57m 3.66m, 2.74m, 1.83m & 0.91m widths. Wilton & Tufted available in: 5m, 4m, 3m, 2m, & 1m widths.

**Colour Matching** - as the different widths colour match, you can be confident of getting the same colour throughout your home, but be sure to order together.
